OUTPUT:

The image displays two screenshots of a web browser window showing a registration form. The browser's address bar indicates the URL is `localhost:5000/welcome`.

Top Screenshot: The registration form is titled "REGISTRATION FORM". It contains the following fields and controls:

- First name ***: Text input with the value "William".
- Last name**: Text input with the value "Shakespeare".
- Email***: Text input with the value "williamshakespeare@gmail.com".
- Password ***: Password input (masked with dots).
- Confirm Password ***: Password input (masked with dots).
- Gender:** Radio buttons for "Male" (selected) and "Female".
- Age**: Text input with the value "32".
- A green **Create** button is located at the bottom right of the form.
- A note ** required* is displayed at the bottom left of the form area.

Bottom Screenshot: This screenshot shows the same registration form, but with a confirmation dialog box overlaid on top. The dialog box contains the text:

localhost:5000 says
Registration Successfull

The dialog box has an **OK** button. The registration form is visible in the background, showing the same data as the top screenshot.
